*A Jewel in the Heart of Paradise!*  
**Salt Lake City, Utah**

*The rooms were better than expected, large comfortable and very clean. Great location and staff was outstanding.*

**Hallandale, Florida**

*We came to Hollywood to see a Miami game and all the usual big hotels were booked up. I saw a great review about Marine Villas and booked 2 nights, It was a wonderful room with a great view of the ocean. The breeze was such that we left the windows open all night and enjoyed the salty smell of the beach.*

**Edgewater, Florida**

*We spent a few days in hollywood fl and enjoyed a nice, uncomplicated and easy going stay at marine villas: second row to the beach, from the upper floor you can see the ocean from your room - more than enough bath towels, clean beds and laundry facilities: we loved it and will return!*

**Zurich, Switzerland**

*I have to agree it is the best kept secret in Hollywood!! The place was exceptionally clean and the owners Terry and Diane are super nice and very helpful at suggestions on where to go and places to eat! It was so perfect I can;t imagine staying anywhere else! Absolutly will be back!*
