Welcome...

Facing a quiet residential street, our front entry reminds summer guests of yesteryear with it's huge hanging baskets of Boston Ferns and a balcony porch whose planter boxes are overflowing with brilliantly colored Coleus. Comfortable cushioned chairs make this a delightful spot to enjoy your latest book, spend time chatting with family and friends or enjoy a time-out before you explore our small town.

Upon entering the house, our guests always comment on the marble effect of the ragg painted staircase and woodwork. Feather painting on the walls, lace curtains, and antique furnishings combine for a truly comfortable common area to enjoy the 32' flatscreen TV, games and puzzles, conversation and snacks.

Our sleeping rooms are furnished with top quality Serta mattresses, 600 thread count bed linens, and Egyptian cotton bath linens. They have private bathrooms, TV, telephones, air conditioning, ceiling fans and include breakfast.

Cash or check is preferred payment but Visa and MasterCard are accepted. We are a smoke-free establishment. Rates are based on one bed with single or double occupancy.

We look forward to pampering you when you stay at our cozy bed and breakfast hideaway!

Your website made Greenville sound like a place we wanted to visit and we were not disappointed. The town is great, but the highlight was staying at Wayman's Corner. Thank you for the delicious breakfasts, for all the advice on where to go, and simply for your hospitality. It was a relaxing weekend that we both needed.

Thank you so much for sharing your spaces, your skills, your suggestions & most of all – thank you for sharing yourselves! Wayman's Corner was the perfect home base for our adventures in Darke county. It is my hope that all who stay here leave as refreshed and renewed as we are! Until next time...
